The University of Iowa 2010 Hawkeye Softball Day Camp June 15-17, 2010

Facilities

Pearl Field is one of the finest in the country, having hosted eight NCAA regional tournaments and two Big Ten tournaments. The field was completely renovated following the flood of 2008 to include new state-of-the-art locker rooms, Iowa team room, concession and restroom areas, batting cages, and bullpens. Hilltopper infield surface was also added, creating an essentially waterproof infield. In addition to Pearl Field, the Hawkeye Softball Complex consists of three enclosed recreation fields with agrilime infields. Campers will get to practice and play on each field and have access to batting cages, bullpens, and all equipment used by the Hawkeye softball team.

In case of inclement weather, campers will use the Indoor Practice Facility (Bubble) or the Upper Finkbine Field (former Grant Field).

Camp Objective

The Iowa Softball Day Camp offers the best in individual instruction for every girl participating in camp. Special emphasis is on the development of sound fundamental skills in the game of fastpitch. Our goal is to have each girl leave camp with a better command of the game as well as a better understanding of what it takes to be a team player.

Softball players from 8 to 17 years of age (prior to the start of the senior year) are encouraged to attend. Participants will be grouped according to ability and position in order to get the most out of each instructional period.

The University of Iowa prohibits discrimination in employment, educational programs, and activities on the basis of race, national origin, color, creed, religion, sex, age, disability, veteran status, sexual orientation, gender identity, or associational preference.
